Dear Fellow Breeders

It is with great excitement that we are offering our herd for dispersal. Over the years we have purchased 3 foundation females. In 1999 we purchased Dabrae Justice Trish VG 86 4* she is the foundation of the " T" family. In 2002 we bought Futurecrest Tidy Jane EX 90 4E she has several descendants selling. In 2004 at the peak of the BSE crisis I bought a baby calf named Comestar Model Liztess Talent EX 93 8* . I can't say enough about how Liztess has impacted our herd and operation. We have sold hundreds of embryos from her and her descendants, they milk hard and fast and breed back and flush well . To date we have only culled 2 animals from this family, the rest are here or sold to other breeders.

We are proud that our herd is leucosis, johnes and BVD negative. We have tested the whole herd for leucosis through blood samples and DHI (milking animals) yearly. We have tested the entire milking herd 4 times for johnes with 100% negative results. All calves are ear notched for BVD testing. The open heifers are double vaccinated with fresh cows receiving booster 30 days fresh.

We sincerely wish you all the best with your purchases and hope they have the same positive impact in your herds.

TERMS AND CONDITIONS OF SALE

TERMS

Payments of the price shall be made in cash, and animals shall not be released to the buyer until satisfactory settlement has been made.

BIDS

The Auctioneers shall accept all bids, other than those considered to be irresponsible, and the bidder offering the highest bid shall be the buyer. In case of dispute as to the successful bidder, the animal shall again be put up for advance bids, and if there be no advance bid, the animal shall be sold to the bidder from whom the auctioneer accepted the last bid.

Every animal advertised for sale at auction is pledged to absolute and positive sale (unless withdrawn for just cause prior to being offered for sale).

By-bidding is prohibited except in the case of a joint ownership when the purpose of the bidding is to re-apportion the owners' shares and provided that the intention to so bid and the purpose thereof is announced prior to all bidding for the animal in question.

All reserve bids of guarantees of price to be received from the sale of any animal are prohibited.

RISK

Animals purchased at auction shall be held at the buyers' risk as soon as they have been struck off as sold.

ERRORS

Any error noted in the catalogue will be announced from the Auctioneer's stand. Any announcements from the Auctioneer's stand will take precedence over any matter in the catalogue.

CERTIFICATES

Each animal offered for sale as registered, must be registered in the Herd Book of the Association. If any animal is offered for sale as eligible for registration, the seller and the sales manager are responsible for obtaining the certificates of registry, and application therefor must be made before the animal is sold. If the certificate of registry, together with the certificate of transfer, are not provided to the buyer within 60 days following the date of the sale, the buyer is entitled at his option to return the animal and to a refund of the purchase price. Certificates of registry and transfer shall be provided by the seller to the buyer without charge.

PURITY

All animals are 100% pure unless otherwise specified.

EXPORT

- Where the seller agrees to stand export health tests (and in the case of an auction begins), the animal shall be considered at the seller's risk when sold or in the case of an auction, struck off. If, however, the animal subsequently fails to pass any of the relevant health tests within 180 days of the sale, then at the buyer's option, the contract may be rescinded, the animal returned and the sale price (if paid in whole or in part) shall be refunded. The sale price is payable and the contract of sale considered to be executed and final, upon the animal passing the stipulated health tests, or upon the expiration of 180 days, whichever shall first occur.
- The animal may be left in the seller's custody until the sale is rescinded or becomes executed and final. In that event, the seller shall not be liable to the buyer for any loss or injury provided the seller shall reasonably care for and feed the animal while in his custody.
- All necessary arrangements for export health tests will be made by and at the expense of the buyer
