Terms and Conditions

- Most sales staff will not be at the sale site
- The text contact will be and anyone can come bid in person
- Prices posted on Dairy Agenda today home page on October 31st
- Bid off will happen November 3rd at 2pm eastern time
- If there are multiple bidders for certain lots then the sales staff will text all bidder info to the text contact with top bid and then the text contact will determine the highest bid and the person will get the lot \$100 over the second high bidder. An example of this would be a lot is priced at \$5,000 and there are 2 bidders one bids \$5,400 and the other \$6,500. The bidder at \$6,500 buys the lot for \$5,500, which is \$100 increment over the second high bid. A second example is some one bids \$5,000 on a lot priced at \$4,000 and there are no other bids that come in by November 3rd at 2 pm then the lot is sold at \$4,000 because there were not any other bids.
- After November 3rd at 2pm eastern any lots that are unsold will be available at the tagged price first come first serve. Who gets the lot will be determined by who texts the text contact- Andrew King 360-981-3801 first.
- All unsold lots prices will drop 10% off on November 4th at 2pm eastern and the same rules apply
- All unsold lots prices will drop another 10 percent off the original price on November 7th at 2pm eastern and these prices will only last 24 hours and the sale will be closed
- Lots that have sold and new prices will be updated on the Dairy agenda home page.
- Embryo lots will be in groups of 5 embryos and sold by the group not the embryo. So the same bid increment and closing rules apply.
- Embryos will be shipped in the order they are paid for, unless buyer sends their own shipper
- All lots need to be paid by November 22nd if they are not a no sale has occurred.
- Invoices will go out immediately and payment needs to be check or a wire transfer
- All live animals that are paid for will be health tested and housed for no charge until December 8th. After that date \$5/ day will be charged.
- All cattle are satisfaction guaranteed until they leave their locations. Please feel free to come and inspect if you bought sight unseen or have a representative do the same.
- Embryos going to the US will be charged \$200 shipping and handling and insurance is optional and the buyer's responsibility to purchase.
- Embryos going to Canada will be charged \$300 shipping and handling and Insurance is optional and the buyer's responsibility
- Embryos going outside North America will be charged \$500 shipping and handling and insurance is optional and the buyer's responsibility.
- Live cattle can be purchased and housed at certain locations and embryos can shipped back to purchasers. This could be a good option for buyers in Europe. Lots will be eligible to go to Europe

Raspberry

The first 18th generation EX cow of the breed. Raspberry has 8 sons in AI. She is a Generations Epic out of an 2E-93-GMD Atwood x EX93-2E Pronto, with 15 more generations of Excellent dams, going back to Audrey Posch EX93-2E.

*From the Partnership of
Kings-Haven, GDR Holsteins & Genetic Progress LLC*

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
