Sale Manager's Note: Ryan Shank is one of the Most Talented Young Breeders of Holsteins in the business! While it's a tough decision, He is offering his Herd of Impressive Red & Whites, Holsteins & a couple Jerseys! Numerous Polled cattle sell! Ryan has been an active marketer, even back in his college days. He served as the Student Chairman of the DVC Green & Gold Sale for a couple years, then he chaired the Maryland State Sale. He has sold countless embryos worldwide and placed several bulls in AI, including Manny-Red, Ladd Man-P-RED & Milner *RC! Ryan's well managed free-stall, parlor herd of cows and headlock trained heifers will fit into any management system! While the Shank herd features profitable dairy cattle, it also offers the opportunity to realize more revenue streams from these Registered Holsteins! Seize this opportunity as a buyer and take home a few!

Fisher's Quality Dairy Sales and PA Holstein are not responsible for accidents!

Welcome!

To fellow breeders, dairy industry people, and most of all, family and friends:

I want to thank all of you who have helped me in this adventure called dairy farming. I started on my own in 2014 when I began renting Valentia Farm and purchased the cows from Earl and Keitha Grove. It has been an good ride; one full of learning, experimentation, and challenges. Most of the challenges were fun and led to some exciting times. But the challenge I face now is because of a different circumstance that I, unfortunately, cannot control. Due to this, I have come to the decision to sell my cows. It is time for me to spend more time with the family, watch my kids grow, and be there to help them and my wonderful wife.

Now to tell you a little about the herd:

A large part of what I am offering goes back to the Manhattan family, which is a deep rooted Maryland bred cow family. The Manhattan cow family has done a lot for me from making partnerships, to selling bulls, and even producing a few show calves. These ladies and their offspring are able to pass along the red gene and produce some attractive animals.

I also have members from the first Holstein I ever purchased, Chan Lee Trent Gemara. She came from the Maryland State Sale as a choice in 2001. This cow family is a good, true family that carries the strength and power that I like in brood cows. This family has also allowed me to breed for both the show market and the genetic market. Like the Manhattans, this family has had a great impact on my herd.

Then there are the cows that came from Earl and Keitha Grove that carry the Valentia prefix. These cows are strong, well balanced, good uttered cows with functional feet and legs. The other cows in this catalog are ones that fit some of my goals of strong cow families with show potential and are more of the brood cow standard. There are cows that go back to prefixes like Windsor Manor, Pineland, Windy Knoll View, Tri Vision, Waverley Jerseys, Peace and Plenty Farm, Penn Gate, and many others. Most of these animals came from different sales that I have supported over they years.

Again, thank you all for the support you have given me throughout my career as a dairy farmer. I wish all the buyers the best with the cattle and hope the cows do as well for you as they have for me. Like I always say, "It's just another day in paradise," and so my family and I are looking at today as a new opportunity and we look forward to what God has planned for our future.

Ryan

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.

LIVE INTERNET BIDDING AT

www.cowbuyer.com

- View/bid online in Real Time
- Registration is required. Please register at least one (1) hour prior to sale time at www.cowbuyer.com
- High Speed Internet is required. Slower speed will not permit you to bid and keep pace in real time.
